

November Rain

Written and performed by Ken Orrick, with the bluegrass band "Lost Highway".

C F C G7
It's raining in the valley, snowin' on the hill
F G7 C
Winter seems to bring back memories
F C G7
And sitting round the fireplace while everything is still
F G7 C
The old folks singing songs in harmony.

Chorus:

C G7 C
November Rain is calling me,
G7 C
Back to my home in Tennes-see
F C G7
The amber leaves are falling from the laurel trees
F G7 C
The cold November Rain is calling me.

C F C G7
Mom breaks out the overcoats, there's a chill in the air
F G7 C
The days grow short, it's dark by supper time
F C G7
That cold November wind's a blowin', beating at our door
F G7 C
Are some of the memories left behind.

Chorus

C F C G7
Come springtime when the flowers bloom, the snow will all be gone
F G7 C
The smell of mountain laurel fills the air
F C G7
But winter time will always be my favourite memory
F G7 C
The cold November Rain is callin' me.

Chorus, repeat last two lines
